POLICY BULLETIN NO. B-8

SUBJECT: THIRD PARTY NOTICE

POLICY:

Cooperative members may designate a consenting individual or agency to receive duplicate notices of cooperative communications such as delinquent notices or termination notices.

RESPONSIBILITY: President & CEO or Delegate

PROCEDURE:

A cooperative member may designate a consenting individual or agency which is to be sent a duplicate copy of communications from the cooperative to include delinquent notices and termination notices.

Although a third party may be notified that a disconnection is pending, a notice does not place any financial obligation on that party to pay the bills for others, nor will it prevent disconnection if payment is not made.
